Disclosures to Participants

Advancing Clinical Practice in Brain Injury and Stroke Rehabilitation - Pre-Recorded (2023)

(Title of education activity)

July 1, 2023 – June 30, 2023

Requirements for Successful Completion:

Learning outcome:

The Rehabilitation Registered Nurse will be able to apply the evidenced based treatments and interventions for the brain injury and stroke patient seen in the post-acute rehabilitation setting in order to improve the quality of life of those persons as evidenced by the registered nurse stating intent to change practice as reflected on the post-activity evaluation tool.

Objectives:

1. Recognize factors that influence treatment, prognosis, and medical complications after brain injury and/or stroke.
2. Describe the care of and management for disorders following a brain injury and/or stroke.
3. Interpret special clinical presentations after brain injury and/or stroke and construct treatment plans to facilitate recovery.

To receive contact hours for this nursing continuing professional development activity, the participant must:

- The participant must complete the entire course.
- Pass the Post Course Quiz with an 80% or better
- The participant must complete the evaluation at the end of the course.

Once successful completion has been verified, a "Certificate of Successful Completion" will be awarded for 5.75 contact hours.
