Title of education activity: (must provide the title of activity)

Mentoring Workshop: Examining & Expanding Mentoring Practices

June 4, 2022 Houston, Texas

Requirements for Successful Completion:

Learning outcome:

The Rehabilitation Registered Nurse will be able to formulate skills and strategies to mentor new nurses to rehabilitation and new graduate nurses to nursing and the field of rehabilitation nursing including the evaluation of the performance of the mentee as evidenced by the registered nurse stating intent to change practice as reflected on the post-activity evaluation tool.

Objectives:

- Describe expected outcomes the mentee should achieve after a mentoring program.
- Identify learning styles and teaching styles.
- Integrate knowledge of learning and teaching styles to a mentoring strategy.
- Develop mentoring tools to maximize mentee's learning.
- Formulate a strategy for implementing mentoring tools and evaluating mentor performance.
- Describe differences between resident mentoring from clinical instruction of the entry level student and/or training of a new employee
- Describe roles of the mentor and mentee, as well as the reciprocity of the mentor/mentee relationship
- Examine roadblocks to successful mentoring practices
- Examine current mentoring relationships and identify challenges and strengths
- Assess own personal mentoring skills and identify areas for skill development and growth
