(Title of education activity)

October 15, 2021 – December 31, 2023

Requirements for Successful Completion:

Learning outcome: The rehabilitation Registered Nurse will be able to apply the results of the Coma Recovery Scale Revised (CRS-R) and Individualized Qualitative Behavioral Assessment Scales when working with persons with Disorders of Consciousness (DoC) in order to improve their quality of life.

Objectives:

1. Implement 3 overarching guidelines for administering and scoring the CRS-R based on the video presentations, discussion, case examples, and recorded questions.
2. Apply 3 key concepts for developing an IQBA protocol for a specific patient as part of a collaborative treatment team based on the video presentations, discussion, case examples, and recorded questions.
3. Explain 3 processes of getting support and delivering services for clients with a DoC, considering obstacles and ways others have overcome these access and advocacy issues.
4. Illustrate 3 key recommendations for programs that provide services to those with a DoC based on the CPG for treating those with a DoC.
